ABOUT SALIENT ADVISORY

Salient Advisory is a healthcare consulting firm that provides advisory services on new models for product distribution, primary care and sustainable partnerships. We co-develop actionable insights and partnerships, supporting global changemakers to advance outcomes and equity. With a growth mindset that reflects self-awareness and intellectual curiosity, we bring diverse perspectives to solve for complex challenges in the public health space.

ABOUT THE ROLE

We are recruiting a Consultant to support Salient Advisory's business. As a key member of our small team, the Consultant will report to the Director and will be responsible for leading technical analyses in support of client projects. We are pleased to offer advisory services to major changemakers in health including the Children's Investment Fund Foundation, the Bill & Melinda Gates Foundation, and more.

Responsibilities will include proposal development, leading research and complex analyses, developing and delivering structured communication to clients, ensuring quality control of project delivery, providing technical expertise and facilitating workshops, expert/stakeholder consultations, building the firm's reputation and expertise through knowledge development and thought leadership, and more.

REQUIRED PROFESSIONAL EXPERIENCE

- Graduate degree in the fields of public health, global health or economics.
- Minimum of 3 years of professional experience in consulting is required.
- Must have demonstrated strong project management experience with a track record of designing and managing milestone-based projects within budget and constraints.
- Must have experience in supply chain, health technology, health systems, health financing, or evaluation of health programs.

REQUIRED SKILLS

- Demonstrated ability to multi-task and thrive in fast-paced dynamic and diverse environment.
- Must possess very good inter-personal skills and ability to handle and prevail in situations of conflicting opinions in a truly multi-stakeholder environment.
- Ability to confidently collaborate and engage across all levels of leadership internally and externally.
- Demonstrated skills in planning, coordination, supportive supervision and monitoring.
- Exceptional analytic and problem-solving abilities.
- Proficiency in Excel and PowerPoint

- Commitment to working as a trusted team player.
- Excellent command in written and spoken English with ability to articulate views and ideas in clear and precise manner across spoken and written modes of communication.

Travel between 10-15% of the time may be required, as COVID-19 travel restrictions are lifted.

This role is a 1-year position, with possibility for extension.

APPLICATION

Please submit your CV and cover letter to samantha@salientadvisory.com to be considered for the role.
